

AQUACULTURE HEALTH PRODUCTS

Product Catalog

Minerals, probiotics, water and soil care, growth supplements and disinfectants for shrimp and fish farming.

- ✓ INNOVATIVE AQUA CULTURE
- ✓ SCIENCE FOR A SUSTAINABLE FUTURE

ABOUT US

Improving aquatic health

Series Bio Science is committed to improving aquatic health through high-quality, safe and effective aquaculture medicines.

We develop and supply reliable solutions that enhance productivity, support fish and shrimp health and promote sustainable aquaculture.

Our focus is on quality, innovation and customer satisfaction.

Mission

To deliver innovative and effective aquaculture medicines that ensure better health, higher survival and sustainable growth.

Vision

To be a trusted name in aquaculture healthcare solutions and contribute to a healthier aquatic environment and a better tomorrow.

OUR PRODUCTS

Aquaculture medicines

Quality medicines for healthy aquaculture and better yields.

Anti-bacterials

Effective treatment against bacterial infections and septicaemia.

Anti-virals

Broad-spectrum antivirals to control viral diseases and improve survival.

Anti-parasitics

Controls external and internal parasites, ensuring healthy growth.

Hepatoprotectors & Tonics

Protects the liver, improves metabolism, and enhances growth and vitality.

Water Quality Management

Maintains water quality, reduces stress, and promotes a healthy environment.

Probiotics & Enzymes

Improves digestion, immunity, and water quality naturally.

Special Care Products

Supports immunity, reduces stress, and improves survival in high-risk conditions.

CONTENTS

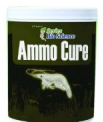

The range at a glance

15 products in five groups. Each page lists uses, dosage, composition, pack sizes and CAA registration.

● MINERAL NUTRITION

	SERI-MIN Bioavailable minerals · 10 Kg	05
	S-MIN LIQ Bioavailable liquid minerals · 5 Lt, 15 Lt	06
	S-MIN CARE Mineral boosters · 10 Kg	07

● WATER & SOIL CARE

	BIOLITE Natural zeolite · 25 Kg	08
	AMMO CURE Relief from toxic ammonia · 500 gm	09
	OXY-GROW Oxygen-releasing tablets · 5 Kg	10

● DISINFECTANTS & SANITISERS

	SERI-POND CARE Stabilised chlorine dioxide · 5 Lt	18
	MOULT-CARE Moulting aid & sanitiser · 500 gm	19

● PROBIOTICS & GUT HEALTH

	SERI-PROBAC Multi-strain probiotic · 500 gm	11
	SERI POND-PS Beneficial pond bacteria · 25 Lt	12
	SERI-GUT HEEL Gut health support · 500 gm	13
	SHRIMP YEAST Yeast-based supplement · 1 Kg	14

● GROWTH & FEED SUPPLEMENTS

	SERI GROW Instant growth promoter · 5 Lt, 15 Lt	15
	NUTRI GROW Growth promoter with enzymes · 1 Kg	16
	SERI-C Vitamin C with digestive enzymes · 1 Kg	17

MINERAL NUTRITION

SERI-MIN

Bioavailable minerals for aquaculture

PRESENTATION

10 Kg

What it does

- ✓ Improves both hormonal and enzymatic activity
- ✓ Maintains the calcium, magnesium and potassium ratio
- ✓ Induces moulting and prevents body cramps
- ✓ Reduces RMS and improves survival rate
- ✓ Prevents imbalance of osmoregulation and acid–base concentration

Dosage

POND PREPARATION

10–15 kg / acre

DURING MOULTING

5–7 kg / acre

Mix the required quantity with pond water and apply throughout the pond. Or as directed by your aqua consultant.

Composition

Each 100 g contains

Calcium	55 g	Zinc	2 g	Cobalt	500 mg
Magnesium	12 g	Manganese	2 g	Iodine	200 mg
Potassium	15 g	Iron	8 g	Selenium	60 mg
Phosphorus	1 g	Copper	500 mg		

MINERAL NUTRITION

S-MIN LIQ

Bioavailable liquid minerals for aquaculture

PRESENTATION

5 Lt

15 Lt

What it does

- ✓ 100% bioavailable mineral liquid
- ✓ Promotes better shell formation
- ✓ Regulates the moulting cycle and prevents body cramps
- ✓ Improves and maintains phyto- and zooplankton
- ✓ Improves both hormonal and enzymatic activity
- ✓ Balances the osmoregulation mechanism in fish and prawn

Dosage

POND APPLICATION

0–30 DOC	2 L / acre
30–60 DOC	2.5 L / acre
Above 60 DOC	3–5 L / acre

FEED APPLICATION

Daily, 1–2 feeds	5–10 ml / kg feed
Moulting time	10–20 ml / kg feed

Or as directed by your aqua consultant.

Composition

Each 100 ml contains

Magnesium	60 g	Sodium	8 g	Distilled water	30 ml
Calcium	12 g	Zinc	2 g		
Potassium	15 g	Manganese	2 g		

MINERAL NUTRITION

S-MIN CARE

Mineral boosters

PRESENTATION

10 Kg

What it does

- ✓ Increases bioavailable mineral content in pond water
- ✓ Reduces mineral deficiency in shrimp
- ✓ Supports osmoregulation, helping shrimp and fish adjust to salinity changes
- ✓ Supports development of good plankton in the pond
- ✓ Boosts natural feed organisms (plankton and benthos)
- ✓ Improves moulting and new shell formation
- ✓ Helps stabilise pond pH and water quality
- ✓ Corrects mineral deficiencies when used as a feed additive
- ✓ Improves digestion and FCR

Dosage

POND APPLICATION

5–10 kg / acre

FEED APPLICATION

5 g / kg feed

Or as advised by your aqua consultant.

Composition

Each 100 g contains

Calcium (Ca)	20 g	Sodium (Na)	5 g	Copper (Cu)	50 mg
Phosphorus (P)	10 g	Iron (Fe)	300 mg	Iodine (I)	5 mg
Magnesium (Mg)	20 g	Zinc (Zn)	300 mg	Selenium (Se)	5 mg
Potassium (K)	10 g	Manganese (Mn)	100 mg	Cobalt (Co)	5 mg

WATER & SOIL CARE

BIOLITE

Natural zeolite, purest quality

PRESENTATION

25 Kg

What it does

- ✓ Absorbs toxic ammonia (NH_3) produced from waste and leftover feed
- ✓ Reduces stress and mortality in shrimp
- ✓ Improves water quality
- ✓ Reduces foul odour and keeps pond water fresh
- ✓ Helps maintain stable pH levels
- ✓ Improves pond bottom and soil
- ✓ Reduces toxic gases like hydrogen sulphide (H_2S) and controls sludge accumulation

Dosage

DURING CULTURE PERIOD

20–25 kg / acre

POND PREPARATION

40 kg / acre

Water application. Or as directed by your aqua consultant.

Composition

Each 100 g contains

CaO	5 g	Na ₂ O	3 g	Zeolite	79 g
MgO	3 g	Yucca	10 g		

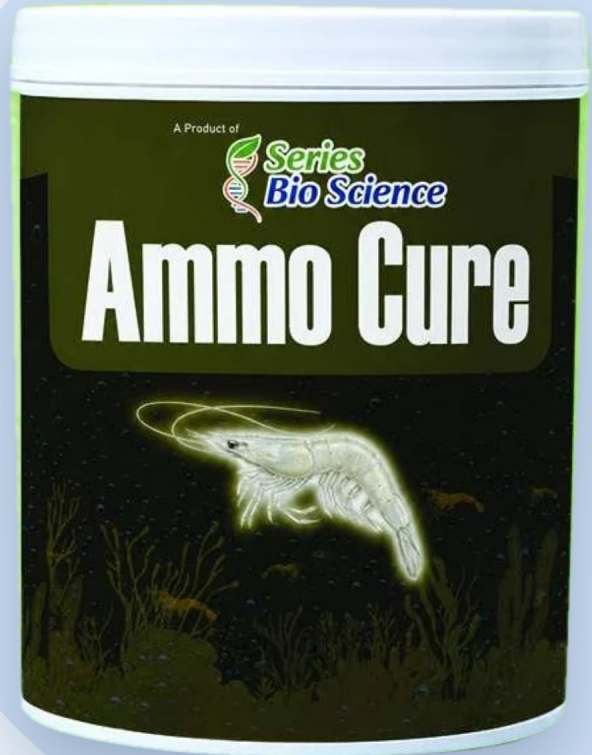

💧 WATER & SOIL CARE

AMMO CURE

Relief from toxic ammonia

PRESENTATION

500 gm

What it does

- ✓ Relieves shrimp from toxic ammonia
- ✓ Reduces ammonia and nitrate in the pond
- ✓ Improves feed conversion
- ✓ Reduces TSS and BOD

💧 Dosage

POND APPLICATION

500 g / acre

Or as advised by your aqua consultant.

Composition

Yucca extract

40 g

Dicalcium phosphate

60 g

WATER & SOIL CARE

OXY-GROW

Oxygen-releasing tablets

PRESENTATION

5 Kg

What it does

- ✓ Releases oxygen and maintains D.O. levels in pond water for a long period
- ✓ Controls D.O. problems in the culture pond
- ✓ Eliminates toxic unwanted gases in the culture pond
- ✓ Provides favourable conditions for prawns and fish

Dosage

POND APPLICATION

2 kg / acre

Or as advised by your aqua consultant.

Composition

Each 100 g contains

Sodium perborate

40 g

Soda ash

60 g

PROBIOTICS & GUT HEALTH

SERI- PROBAC

Multi-strain probiotic for water and soil

PRESENTATION

500 gm

What it does

- ✓ Eco-friendly, biodegradable consortium of beneficial probiotic strains specific to aquaculture
- ✓ Maintains a stable, good plankton and algal bloom
- ✓ Reduces harmful bacteria
- ✓ Reduces black soil formation

Dosage

POND APPLICATION

500 g / acre

Or as advised by your aqua consultant.

Composition

Each 100 g contains

<i>Bacillus subtilis</i>	5 g	<i>B. megaterium</i>	10 g	<i>Rhodobacter</i> spp.	10 g
<i>B. licheniformis</i>	15 g	<i>Thiobacillus</i> spp.	4 g	<i>S. cerevisiae</i>	5 g
<i>B. pumilus</i>	5 g	<i>Enterococcus</i> spp.	6 g	Organic carbon (glucose)	40 g

PROBIOTICS & GUT HEALTH

SERI POND-PS

Beneficial bacteria for a cleaner pond

PRESENTATION

25 Lt

What it does

- ✓ Increases useful micro-organisms
- ✓ Controls noxious gases
- ✓ Removes pathogenic bacteria
- ✓ Removes sludge

Dosage

POND APPLICATION

10 L / acre

Shake well before use. Or as advised by your aqua consultant.

Composition

Each 100 ml contains

<i>Rhodobacter</i> spp.	10 ml	<i>Bacillus</i> spp.	5 ml
<i>Rhodococcus</i> spp.	10 ml	Distilled water	75 ml

⚙️ PROBIOTICS & GUT HEALTH

SERI-GUT HEEL

Gut health support for shrimp

PRESENTATION

500 gm

What it does

- ✓ Helps control white gut disease in shrimp
- ✓ Improves gut microflora and reduces white gut problems
- ✓ Increases feed intake
- ✓ Enhances ability to overcome stress
- ✓ Reduces the risk of gut disorders
- ✓ Increases survival rate

💧 Dosage

FEED APPLICATION

20 g / kg feed

Or as advised by your aqua consultant.

Composition

Each 100 g contains

<i>Saccharomyces boulardii</i>	20 g	Vitamin E	20 g
Vitamin A	20 g	Soya protein	40 g

PROBIOTICS & GUT HEALTH

SHRIMP YEAST

Yeast-based feed and pond supplement

PRESENTATION

1 Kg

What it does

- ✓ Improves production performance of shrimp and prawn
- ✓ Reduces harmful toxins in the gut
- ✓ Improves feed digestion and absorption of nutrients
- ✓ Improves FCR
- ✓ Promotes the efficacy of the immune system
- ✓ Promotes shrimp and fish health and product quality

Dosage

FEED APPLICATION

2–5 g / kg feed

POND APPLICATION

1 kg

Or as advised by your aqua consultant.

Composition

Each 100 g contains

Saccharomyces cerevisiae

40 g

Silica powder

60 g

➤ GROWTH & FEED SUPPLEMENTS

SERI GROW

Instant shrimp growth promoter

PRESENTATION

5 Lt

15 Lt

What it does

- ✓ Excellent solution for growth problems
- ✓ Improves resistance against disease
- ✓ Reduces stress
- ✓ Better weight gain and good survival rate

💧 Dosage

FEED APPLICATION

25 ml gel / kg feed

Shake well before use. Or as advised by your aqua consultant.

Composition

Each 100 ml contains

Yeast extract	1000 mg	Vitamin A	10,000 IU	Potassium chloride	1000 mg
Liver extract	500 mg	Protein	1000 mg	Sodium chloride	200 mg
Lacto probiotics	500 mg	Vitamin B1	5000 IU	Lipase	100 mg
Vitamin C	500 mg	Vitamin B2	5000 IU	Amylase	100 mg
Vitamin E	200 mg	Vitamin B6	5000 IU	Aqua-stabilised base	Water

➤ GROWTH & FEED SUPPLEMENTS

NUTRI GROW

Highly potent growth promoter with enzymes

PRESENTATION

1 Kg

What it does

- ✓ Increases growth rate and improves FCR
- ✓ Improves weight gain
- ✓ Decreases the tendency of white gut syndrome
- ✓ Enhances immunity against diseases
- ✓ Activates the hepatopancreas

💧 Dosage

FEED APPLICATION

15 g / kg feed

Or as advised by your aqua consultant.

Composition

Each 100 g contains

Vitamin D3	20,000 IU	Lysine	5 g	Copper	1 g
Vitamin E	5 g	Choline chloride	5 g	Sodium	5 g
Inactivated dry yeast	2 g	Vitamin A	1,00,000 IU	Vitamin B2	5 g
Vitamin B1	2 g	Magnesium	5 g	Silica powder	54 g
Vitamin B6	2 g	Manganese	2 g		
Vitamin C	1 g	Zinc	5 g		

↗ GROWTH & FEED SUPPLEMENTS

SERI-C

Vitamin C with digestive enzymes

PRESENTATION

1 Kg

What it does

- ✓ Improves disease resistance
- ✓ Reduces stress
- ✓ High survival and moulting
- ✓ Improves FCR

Dosage

FEED APPLICATION

3–5 g / kg feed

Or as advised by your aqua consultant.

Composition

Each 100 g contains

Ascorbic acid	60 g	Pepsin	5 g
Vitamin C polyphosphate	30 g	Trypsin	5 g

DISINFECTANTS & SANITISERS

SERI-POND CARE

Stabilised chlorine dioxide disinfectant

PRESENTATION

5 Lt

What it does

- ✓ Disinfectant and sanitiser
- ✓ Helps moulting of shrimp and prawn
- ✓ Multi-action virucidal disinfectant
- ✓ Protects against viral infections
- ✓ Can be used wherever disinfection and sanitisation are needed

Activation procedure

- 1** Add 250 g activator powder to every 1 L in a clean container
- 2** Wait 5 minutes until the colour changes to yellow
- 3** Dilute with water to the required concentration

Composition

Each 1 litre contains

Stabilised chlorine dioxide	5% (50,000 ppm)
Distilled water	95%

Dosage

BEFORE STOCKING
5-10 L / acre

For aquaculture use only. Or as advised by your aqua consultant.

Handle with care

In case of contact with eyes or skin, rinse with large amounts of water. For clarification, consult qualified aquaculturists.

DISINFECTANTS & SANITISERS

MOULT-CARE

Moulting aid and broad-spectrum water sanitiser

PRESENTATION

500 gm

What it does

- ✓ Speeds up moulting in shrimp
- ✓ Powerful broad-spectrum disinfectant against bacterial, fungal and protozoal diseases
- ✓ Acts as a powerful water steriliser and sanitiser

Dosage

POND APPLICATION

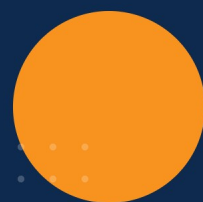

1-2 L / acre

Shake well before use. Or as advised by your aqua consultant.

Composition

Each 100 ml contains

Benzalkonium chloride	80%	Formaldehyde	10%	Distilled water	10%
-----------------------	------------	--------------	------------	-----------------	------------
